

Expected Startup Costs

Expected Startup Costs for Professional Intensive Graduates

Students in the Professional Intensive program will learn how to build and sustain successful businesses. Various startup costs and continuing expenses will be necessary for these businesses to become and remain operational. We've compiled a list of the most common softwares, subscriptions, and operational costs at average price points* so that students can understand what to expect to purchase during the program or immediately following graduation.

Common Startup Costs	Cost/Month	Cost/Year
Business License		\$250
P.O. Box	\$15	
Business Registration		\$100
Phone Number	\$10	
Website Domain		\$25
Website Hosting Platform	\$23	
Email/Storage	\$6	
Quickbooks	\$30	
Liability Insurance	\$60	
Branding Materials		\$200
Bidding/Business Management	\$20	
YEARLY TOTALS:	\$1968	\$575

* Please note that these costs are estimated based on average price points for these items and a student's actual costs may vary—sometimes significantly—depending on the student's choices.
